

United States Mint, Philadelphia, Penn.,

ENGRAVER'S DEPARTMENT,

18<sup>th</sup> April 1884.

Sir

In answer to the inquiry of C. Carranza & Co, as to the cost of dies for coining Nickel and Bronze pieces, I beg to say, If they have proper working hubs for making dies, the dies will cost ten dollars per pair, If hubs are to be provided they, the hubs will cost not less than two hundred and fifty dollars per pair.

I am not familiar with the design of these coins which if elaborate would make the hubs cost much more

Very respectfully

Your obedient servant  
Chas. E. Barber
